

## Safety Data Sheet

according to Regulation (EC) No. 453/2010

Date of issue: 08/04/2014 Revision date: 15/04/2015 : Version: 1.1

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product form : Mixture

Product name : Diesel Fuel # 2 Composite

Product code : AL0-101286
Product group : Trade product

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

#### 1.2.1. Relevant identified uses

Main use category : Laboratory Use Industrial/Professional use spec : Industrial

For professional use only

### 1.2.2. Uses advised against

No additional information available

### 1.3. Details of the supplier of the safety data sheet

Phenova

6390 Joyce Dr. Suite 100 80403 Golden, CO - United States T 1-866-942-2978 - F 1-866-283-0269 info@phenova.com - www.phenova.com

#### 1.4. Emergency telephone number

Emergency number : ChemTel Assistance (US/Canada) 1-800-255-3924 ChemTel Assistance (International) +1 813-248-0585

### SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

Classification according to Regulation (EC) No. 1272/2008 [CLP]

Carc. 2 H351

### Classification according to Directive 67/548/EEC [DSD] or 1999/45/EC [DPD]

Carc.Cat.3; R40

Full text of R-phrases: see section 16

### Adverse physicochemical, human health and environmental effects

No additional information available

## 2.2. Label elements

# Labeling according to Regulation (EC) No. 1272/2008 [CLP]

Hazard pictograms (CLP) :

GHS08

Signal word (CLP) : Warning

Hazardous ingredients : Methylene Chloride

Hazard statements (CLP) : H351 - Suspected of causing cancer

Precautionary statements (CLP) : P281 - Use personal protective equipment as required

P308+P313 - IF exposed or concerned: Get medical advice/attention

P405 - Store locked up

No labeling applicable

#### 2.3. Other hazards

No additional information available

16/04/2015 EN (English US) 1/1

# Safety Data Sheet

according to Regulation (EC) No. 453/2010

## SECTION 3: Composition/information on ingredients

#### 3.1. Substance

Not applicable

#### 3.2. Mixture

| Name               | Product identifier                                                     | %    | Classification according to<br>Regulation (EC) No.<br>1272/2008 [CLP]                                                   |
|--------------------|------------------------------------------------------------------------|------|-------------------------------------------------------------------------------------------------------------------------|

## **SECTION 4: First aid measures**

#### 4.1. Description of first aid measures

First-aid measures general : Never give anything by mouth to an unconscious person. IF exposed or concerned: Get

medical advice/attention.

First-aid measures after inhalation : Allow victim to breathe fresh air. Allow the victim to rest.

First-aid measures after skin contact : Remove affected clothing and wash all exposed skin area with mild soap and water, followed

by warm water rinse.

First-aid measures after eye contact : Rinse immediately with plenty of water. Obtain medical attention if pain, blinking or redness

persist.

First-aid measures after ingestion : Rinse mouth. Do NOT induce vomiting. Obtain emergency medical attention.

### 4.2. Most important symptoms and effects, both acute and delayed

No additional information available

### 4.3. Indication of any immediate medical attention and special treatment needed

No additional information available

# **SECTION 5: Firefighting measures**

## 5.1. Extinguishing media

Suitable extinguishing media : Foam. Dry powder. Carbon dioxide. Water spray. Sand.

Unsuitable extinguishing media : Do not use a heavy water stream.

## 5.2. Special hazards arising from the substance or mixture

No additional information available

# 5.3. Advice for firefighters

Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any

chemical fire. Prevent fire-fighting water from entering environment.

Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection.

## SECTION 6: Accidental release measures

## 6.1. Personal precautions, protective equipment and emergency procedures

# 6.1.1. For non-emergency personnel

Emergency procedures : Evacuate unnecessary personnel.

# 6.1.2. For emergency responders

Protective equipment : Equip cleanup crew with proper protection.

Emergency procedures : Ventilate area.

## 6.2. Environmental precautions

Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters.

## 6.3. Methods and material for containment and cleaning up

Methods for cleaning up : Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Collect

spillage. Store away from other materials.

## 6.4. Reference to other sections

See Heading 8. Exposure controls and personal protection.

16/04/2015 EN (English US) 2/1

# Safety Data Sheet

according to Regulation (EC) No. 453/2010

## SECTION 7: Handling and storage

## 7.1. Precautions for safe handling

Precautions for safe handling : Wash hands and other exposed areas with mild soap and water before eating, drinking or

smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapor. Obtain special instructions before use. Do not handle until all safety precautions have

been read and understood.

Hygiene measures : Gently wash with plenty of soap and water. Remove/Take off immediately all contaminated

clothing. Wash contaminated clothing before reuse.

#### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Keep container closed when not in use. Keep container tightly closed and in a well-ventilated

place. Keep away from any flames or sparking source.

Incompatible products : Strong bases. Strong acids.
Incompatible materials : Sources of ignition. Direct sunlight.

#### 7.3. Specific end use(s)

No additional information available

## SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

No additional information available

#### 8.2. Exposure controls

Appropriate engineering controls : Either local exhaust or general room ventilation is usually required.

Personal protective equipment : Avoid all unnecessary exposure. Gloves. Protective clothing. Protective goggles. Safety

glasses.

Hand protection : Wear chemically resistant protective gloves. Wear suitable gloves resistant to chemical

penetration.

Eye protection : Chemical goggles or safety glasses. Safety glasses.

Skin and body protection : Wear chemically protective gloves, lab coat or apron to prevent prolonged or repeated skin

contact.

Respiratory protection : Wear appropriate mask.

Other information : Do not eat, drink or smoke during use.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

Physical state : Liquid Color Colorless Odor characteristic. рΗ No data available Melting point : No data available Freezing point No data available **Boiling point** No data available Flash point No data available Auto-ignition temperature No data available No data available Decomposition temperature Flammability (solid, gas) Non flammable Relative density No data available Solubility No data available Explosive properties No data available Oxidizing properties No data available : No data available **Explosion limits** 

## 9.2. Other information

No additional information available

16/04/2015 EN (English US) 3/1

## Safety Data Sheet

according to Regulation (EC) No. 453/2010

## **SECTION 10: Stability and reactivity**

### 10.1. Reactivity

No additional information available

## 10.2. Chemical stability

Not established.

### 10.3. Possibility of hazardous reactions

Not established.

#### 10.4. Conditions to avoid

Direct sunlight. Extremely high or low temperatures.

#### 10.5. Incompatible materials

Strong acids. Strong bases.

## 10.6. Hazardous decomposition products

fume. Carbon monoxide. Carbon dioxide.

## **SECTION 11: Toxicological information**

#### 11.1. Information on toxicological effects

Acute toxicity : Not classified

| fuel oil, diesel (68334-30-5) |                                                                                                                      |
|-------------------------------|----------------------------------------------------------------------------------------------------------------------|
| LD50 oral rat                 | > 5000 mg/kg (Rat; Literature study)                                                                                 |
| LD50 dermal rabbit            | > 5000 mg/kg (Rabbit; Literature study)                                                                              |
| LC50 inhalation rat (mg/l)    | 3.60 mg/l/4h (Rat; Experimental value; 5.40 mg/l/4h; Rat; Experimental value; 4.10 mg/l/4h; Rat; Experimental value) |

Skin corrosion/irritation : Not classified

Based on available data, the classification criteria are not met

Serious eye damage/irritation : Not classified

Based on available data, the classification criteria are not met

Respiratory or skin sensitization : Not classified

Based on available data, the classification criteria are not met

Germ cell mutagenicity : Not classified

Based on available data, the classification criteria are not met

Carcinogenicity : Suspected of causing cancer.

May cause cancer

Reproductive toxicity : Not classified

Based on available data, the classification criteria are not met  $% \label{eq:classification} % \label{eq:classif$ 

Specific target organ toxicity (single exposure) : Not classified

Based on available data, the classification criteria are not met

Specific target organ toxicity (repeated

exposure)

Not classified

Based on available data, the classification criteria are not met

Aspiration hazard : Not classified

Based on available data, the classification criteria are not met

Potential Adverse human health effects and

symptoms

: Based on available data, the classification criteria are not met.

## **SECTION 12: Ecological information**

## 12.1. Toxicity

| fuel oil, diesel (68334-30-5) |                                                 |
|-------------------------------|-------------------------------------------------|
| LC50 fish 1                   | 120 - 160 mg/l (96 h; Leuciscus idus; Lethal)   |
| LC50 fish 2                   | 2186 mg/l Salmo gairdneri (Oncorhynchus mykiss) |
| TLM fish 1                    | 204 mg/l (24 h; Alosa alosa)                    |

16/04/2015 EN (English US) 4/1

# Safety Data Sheet

according to Regulation (EC) No. 453/2010

| Methylene Chloride (75-09-2) |                                                           |
|------------------------------|-----------------------------------------------------------|
| LC50 fish 1                  | 193 mg/l (96 h; Pimephales promelas; Flow-through system) |
| EC50 Daphnia 1               | 168.2 mg/l (48 h; Daphnia magna)                          |
| LC50 fish 2                  | 220 mg/l (96 h; Lepomis macrochirus; Flow-through system) |
| Threshold limit algae 1      | 1450 mg/l (192 h; Scenedesmus quadricauda; Cell numbers)  |
| Threshold limit algae 2      | 550 mg/l (192 h; Microcystis aeruginosa)                  |

## 12.2. Persistence and degradability

| Diesel Fuel # 2 Composite     |                                                                                                                                                              |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Persistence and degradability | Not established.                                                                                                                                             |
| fuel oil, diesel (68334-30-5) |                                                                                                                                                              |
| Persistence and degradability | Biodegradable in water. Biodegradability in soil: no data available. Adsorbs into the soil. Low potential for mobility in soil. Photodegradation in the air. |
| Methylene Chloride (75-09-2)  |                                                                                                                                                              |
| Persistence and degradability | Not readily biodegradable in water. Biodegradable in the soil.                                                                                               |

| Persistence and degradability   | Not readily blodegradable in water. Blodegradable in the soil. |
|---------------------------------|----------------------------------------------------------------|
| 12.3. Bioaccumulative potential |                                                                |
| Diesel Fuel # 2 Composite       |                                                                |
| Bioaccumulative potential       | Not established.                                               |
| fuel oil, diesel (68334-30-5)   |                                                                |
| Log Pow                         | > 3.5 (Literature)                                             |
| Bioaccumulative potential       | Bioaccumable.                                                  |
| Methylene Chloride (75-09-2)    |                                                                |
| BCF fish 1                      | 2 - 40 (Cyprinus carpio; Test duration: 6 weeks)               |
| Log Pow                         | 1.25 (Experimental value)                                      |
| Bioaccumulative potential       | Low potential for bioaccumulation (BCF < 500).                 |

### 12.4. Mobility in soil

| Methylene Chloride (75-09-2) |                                                               |  |
|------------------------------|---------------------------------------------------------------|--|
| Surface tension              | 0.028 N/m (20 °C)                                             |  |
| Ecology - soil               | May be harmful to plant growth, blooming and fruit formation. |  |

### 12.5. Results of PBT and vPvB assessment

No additional information available

### 12.6. Other adverse effects

Additional information : Avoid release to the environment

## SECTION 13: Disposal considerations

## 13.1. Waste treatment methods

Waste disposal recommendations : Dispose in a safe manner in accordance with local/national regulations.

Ecology - waste materials : Avoid release to the environment.

# SECTION 14: Transport information

In accordance with ADR / RID / IMDG / IATA / ADN

14.1. UN number
UN-No. (ADR) : 2810
