

Make the Switch to Reliability & Convenience

It's Easy to Replace your Environmental Certified Reference Materials (CRMs) with Phenova CRMs!

Calibration, Internal, & Surrogate Standards

Chemical Testing Laboratory
Certificate No. 2427.03

Reference Material Producer
Certificate No. 2427.02

Cross Reference Guide by Supplier

A New Standard of Confidence

- Lot-to-Lot Consistency
- Stay in Calibration Longer
- Multiple Lots Readily Available
- ISO/IEC 17025 & ISO Guide 34 Certified

Who Needs to Use Certified Reference Materials?

All environmental labs accredited to ISO/IEC 17025 must use CRMs. Even if your lab does not have this accreditation it still benefits from having a high standard, quality product.

Keeping You You in Calibration

Phenomenex® is the exclusive distributor of ISO/IEC 17025 & ISO Guide 34 compliant Phenova® Certified Reference Materials (CRMs), which are manufactured and shipped by Phenova, Inc., an experienced environmental proficiency testing provider.

Using the same strict criteria to manufacture proficiency testing standards that have allowed environmental laboratories to maintain or gain their accreditation, Phenova has developed a line of CRMs that challenge competitive products by:

- Reducing the frequency of your initial calibrations
- Producing the lowest possible uncertainties
- Maintaining lot-to-lot consistency
- Minimizing trending

Compound Classes Available

- Volatiles
- Semi-Volatiles
- Pesticides
- Herbicides
- Polychlorinated Biphenyls (PCBs)
- Fuels

High Quality, High Confidence

Phenova® CRMs meet the strict criteria defined under ISO/IEC 17025 and ISO Guide 34. These stringent international guidelines produce extremely accurate and consistent CRMs resulting in improved data quality for your laboratory.

- Raw materials have the highest purity and are characterized using qualified methods and instruments
- All manufacturing labs are ISO-accredited under documented procedures

Chemical Testing Laboratory
Certificate No. 2427.03

Reference Material Producer
Certificate No. 2427.02

Trendy is Not a Good Word for CRMs

Each Phenova CRM lot is qualified by comparing it to internal and independent CRM materials to eliminate the possibility of trending and ensure that each lot is as consistent as the next.

What consistent lots mean for you:

- Fewer initial calibration events
- Staying in calibration longer
- Analyzing more client samples

Think of all the time and money you'll save and higher sample throughput you will have!

Inventory You Can Count On

At any point in time there will be multiple lots of each Phenova CRM available and ready to ship at your call.

Dependable and Extensive:

- Inventory is managed with a unique bar-code for every standard and lot
- Manufacturing cycles are forecasted and scheduled with an industry leading Enterprise Resource Planning (ERP) system
- 2-4 lots of each Phenova CRM available

Smart and Simple Packaging

Phenova CRM packaging provides both a form and function, for facilitating ease of handling and storage.

Storage and Organization

- Up to 5 ampoules fit horizontally in a flat-top box allowing you the freedom to easily stack in a vertical square space, and maximize your storage availability

Safe-Guard

- Reduction of phthalate contamination by using deactivated glass ampoules
- Ampoules are packaged with a styrofoam fitting to avoid breakage during handling

That's Pretty Useful

- Write important notes right on the box
- Each ampoule comes with 2 additional labels that you can place on paperwork, auto-sampler and transfer vials, or anywhere you see fit

Safety Comes First

- Every ampoule has its own hazardous communication flag that can be cross referenced to the Hazardous Communication Guide included with the shipment

Let's Get You Started For Free!

Phenova CRM recommended alternatives are certified reference materials which contain similar analytes to those of your current supplier.

We're here to help!

We'll guide you to find the right Phenova CRMs and set you up with your free samples. Contact your personal technical consultant or email: PhenovaCRM@phenomenex.com

Try Phenova CRMs for FREE!

Phenomenex® offers recommended alternatives with Phenova CRMs to those of your current supplier. Verify the performance of Phenova CRMs at no cost to you with a free sample and get started with the most reliable and convenient CRM provider. *Restrictions Apply*.*

Easily Find Your Alternative

Find recommended Phenova CRM alternatives to your current supplier on-line using our search engine or by using this Cross Reference Guide.
